Dear Hiring Manager,

I am excited to apply for the Engineering Intern role at ConnectWise .With a strong foundation in Computer Science and Artificial Intelligence, hands-on experience in Python, SQL, and machine learning, and a passion for transforming raw data into actionable insights, I am eager to contribute my technical and analytical skills to support ConnectWise's data-driven objectives.

During my academic journey at Medi-Caps University, I honed my expertise in data analysis, machine learning, and cloud technologies through coursework such as Exploratory Data Analysis and Cloud Computing. My projects reflect my ability to bridge technical execution with real-world applications. For instance, I developed Talk to PDFs, a Streamlit application leveraging NLP models like GPT-3 to summarize and query PDF documents, which sharpened my skills in deploying scalable AI solutions. Similarly, my Mutual Fund Ranking System project involved preprocessing financial data, engineering features, and implementing machine learning models to predict fund performance—demonstrating my proficiency in end-to-end data analysis.

Complementing my technical skills are certifications in AWS, machine learning (IBM, Stanford, DeepLearning.AI), and advanced Python programming. These credentials, coupled with my experience using tools like Tableau and TensorFlow, have equipped me to tackle complex datasets and deliver clear visualizations. Additionally, my volunteer work at Asshraya Vidyalaya, where I organized educational activities for underprivileged children, underscores my teamwork, communication, and problem-solving abilities—traits essential for collaborative environments.

I am particularly drawn to ConnectWise's commitment to *innovators, culture-lovers—and humankind*. . My blend of technical acumen, proactive learning mindset, and dedication to ethical data practices aligns with your mission to *discovery and debate*. I am confident that my skills in data analysis, machine learning, and cloud technologies will enable me to contribute meaningfully to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background and aspirations can support ConnectWise's goals. I am available for an interview at your convenience and can be reached at +91 8770858225 or ani13gswm@gmail.com.

Sincerely,
Animesh Giri Goswami
